Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

New rates of Advertising.

We place upon our outside to-day the new advertising rates and rules adopted by the English papers of this city. All articles used by printers, and rents and expenses of living generally, have increased so greatly during the past two or three years, that it has been deemed necessary, in order to secure a just return for our labor and outlay, to make a reasonable increase in prices. The increase is small to individual customers, but the aggregate will be of material benefit to us. The new prices are those charged by the Cleveland press, and in other cities.

We need not say that we shall continue our efforts to make the *Sentinel*, in future, as in the past, the best advertising medium in the northwestern country.

A GOVERNOR FOR KANSAS.—ROBERT J. WALKER, the telegraph informs us, is to be the new Governor of Kansas, and we think that Mr. BUCHANAN could not well find a worse one. A broken down financier and worn out political hack, never scrupulous about the means of getting along, he is just the sort of a man to continue to the bitter end the unfortunate troubles in Kansas. We can scarcely believe such an appointment possible.

Pitiful Proscription.

We invite attention to the article copied in to-day's paper from the Baraboo *Republic*, embodying a letter from the Hon. C. C. WASHBURNE, which gives, at full length, the details of the unmanly warfare waged by certain dignitaries of the Sham Democracy against MRS. PERKINS, the faithful and capable Post-mistress at Baraboo.—It will be seen that this lady, the widow of a veteran New York Democrat, after filling the office of Post-mistress at Baraboo to the entire satisfaction of the Government and the public, has been *removed*, and the office bestowed upon J. H. WELLS, one of the active agents in procuring the fraudulent returns on the strength of which ex-Gov. BARSTOW attempted to usurp the Executive Office. We do not know which most to condemn, the uncalled-for removal, or the unfit appointment. Neither can be justified on any ground of right, or even expediency. Mr. WELLS is foisted upon the people of Baraboo, against their almost unanimous remonstrance, and contrary to the advice of both Democratic and Republican members of Congress from this State, at the instance of Messrs. SAM. CRAWFORD, TEMPLE CLARK and two or three other politicians, all living hundreds of miles from Baraboo, and having no possible right or authority to interfere in the premises. This is "democracy," with a vengeance!

Another Richmond in the Field.

Up till within a few days past, Squire FOOTE had everything his own way about the nomination for Circuit Judge, but suddenly another Richmond looms up in the field, and contests the Squire's claim to the "regular" nomination. The new comer is the Lt. Governor, Mr. MCARTHUR, who has a constitutional proclivity for office, and as the one he now holds does not pay, will not object to taking something better. A "favorable allusion" to MCARTHUR, in connection with the Judgeship, was first made in the *Wisconsin*—a damaging circumstance, according to the *News*. Sundry zealous Know Nothings, moreover, have been talking in his favor, at the street corners, and circulating a call in his behalf—also very suspicious facts, which the *News*, of course, following the CAMERON precedent, will require Mac to explain. Lastly, the customary formula of a "correspondence" is duly gone through with, in yesterday morning's *News*; some thirty members of the Bar, being invited so to do, signing their names to a paper requesting the use of Mac's name as a candidate for Judge, and Mac, good-natured soul, though taken by surprise and quite unprepared for such a flattering demonstration, conquering his native bashfulness and consenting to accept the proffered honor. Of course, he attaches the condition precedent, that besides the call he shall also receive the "regular democratic nomination." If the convention endorses the call, well and good—if not, the call must go for nothing. As Mr. Foote is the only competitor (and he will probably be coaxed off with the promise of some other office) the condition is rather a safe one and Mac's prospects for the Bench brilliant. Yet we do not believe that he will make half as good a Judge as the present incumbent, ALEXANDER W. RANDALL. And such, if we are not mistaken, is the almost unanimous opinion of the Milwaukee and Waukesha Bar.

Hostilities Threatened.

The *News*, which desires to be regarded as the leading organ of the "National Democracy" in this State, so far forgets party obligations in personal feelings, as to publish a letter from Washington containing the following paragraphs:

> The political, or official dead have now mostly disappeared, and a new swarm of outsiders has taken their place, all willing and anxious to sacrifice private rights for public good. Our Ex-Senator and Ex-Congressman are both busily engaged in rotating their friends into office on this new sliding scale. At this time it is impossible to tell whether the rising or setting sun of Wisconsin is to shed the democratic light for the guidance of this Administration.
>
> I am satisfied, however, that the President will sooner listen to *live* men, than dead ones.—The rock on which his "*Illustrious* predecessor" split is before him, with beacon lights upon each side, and if he does not steer clear of it, it is not our fault. We have all come here from *disinterested* motives, to take the occasion by the hand, and to *extend*, if possible, *the bounds of freedom*.

The writer of this letter, "SIOUX," is himself one of that legion of office-beggars who are now pestering the President and the Heads of Department, almost to death. He belongs to the tribe of "the Forty Thieves," and the tone of his letter indicates that "Barstow and the Balance" are at a heavy discount in Washington. The warning to Mr. BUCHANAN to beware of the rock on which Mr. PIERCE split, on pain of sharing the same fate, is rather suggestive of "breakers ahead."

"SAUCE FOR THE GOOSE &c."—The *News* calls upon Mr. ALBERT SMITH to resign as Justice of the Peace in the Fourth Ward, before running for County Judge. Why does not the Senior editor of the *News* set Mr. SMITH a good example in this particular by resigning as U. S. District Attorney, before running for Postmaster?

PEOPLE'S BANK.—INCREASE OF CAPITAL.—One after another, our city banks are increasing their capital to meet the demands of business.—The People's Bank, owned by Messers. HAERTEL, GREENLEAF & Co., which has been organized and doing a safe and profitable business for the past three years, intends, soon, to increase its capital stock to $100,000, by subscriptions, partly of business men in this city, and partly of Eastern and European capitalists.

THE STATE BONDS.—The new issue of $50,000 state bonds, to renew the same amount issued five years ago, has been taken *at par* by the holders of the former bonds; $30,000 by Messrs. MARSHAL, ILSLEY and ELLIS of the State Bank of Madison, and the remaining $20,000 by ALEXANDER MITCHELL, Esq., of Milwaukee.

☞ Rev. Calvin Colton, well known as the writer of the *Junius Tracts*—a series of political papers of great popularity in the campaign of 1840, also editor of the *Speeches and Correspondence of Henry Clay*, died a few days since at Savannah, Ga., wither he had gone in pursuit of health.

☞ We publish the following communication, as it gives some interesting facts, but we cannot refrain from expressing our dissent from the writer's notion that "nothing but a rancorous anti-slavery excitement, &c.," can prevent Kansas from becoming a free state. With the infamous test laws in force, the polls and poll-lists in the hands of Border Ruffian appointees, and the whole machinery of suffrage so arranged as to exclude the Free State men, we do not see how anything but a slavery constitution is likely to be formed for Kansas:—

Correspondence of the Sentinel.

Gov. Geary—Dr. Baird's Lectures &c.

ST. LOUIS, Mo., March 21st, '57.

MESSRS. EDITORS:—Gov. Geary arrived here a few days since from Kansas, stopped over night, and then left for Washington. His resignation of the office of Governor of Kansas was first published in the *Democrat* of this city. While he was here, I had a brief conversation with him respecting Kansas affairs—and as I am not aware that any secrecy was expected in regard to his statements, I propose to report them for your readers.

While Gov. Geary was Alcalde of San Francisco, in 1849-50, I was quite intimate with him,—my office was under the same roof, and we had daily business intercourse together. When I heard of his appointment of Governor of Kansas, I thought the selection admirable, for I knew him to be an honest man, and of unquestioned independence and courage. I have watched his course in Kansas with the deepest interest. I do not believe he went there for the purpose of advancing the views of any particular party—but to secure *peace*, and to defend the rights of all. Peace has been secured, and I regard it as the greatest possible calamity to the Territory that Gov. Geary should resign. I cannot repeat the words he used, during our conversation, but the facts stated were subsequently as follows: He said the principal reason of his resignation, was that he could not contend with enemies in Kansas and *Washington* at the same time. He could not get the support from Government which had been promised—(material and moral) his despatches were garbled in publication, and only those portions permitted to see the light, that suited the administration. He was thus, frequently, put in a false position before the country.

In various ways, his wings were clipped, so that despite his best efforts, his tendency must be downward. In regard to the published outrages committed by the pro-slavery men, upon the free state settlers, he said that, although there had been some false reports, the *general* statements were correct—that after all the published accounts of outrages fell far short of the reality. There had been the grossest outrages committed upon the free settlers, by a band of lawless marauders, who had no interest in the country, save to drive out the liberty party, and establish slavery. He said, that with proper aid from the Government, there was not the slightest difficulty in establishing peace in perpetuity to Kansas. *Peace has been secured.* The free-state men are now pouring into the Territory by thousands, while from the other party, there are but few. I became perfectly satisfied, from the whole conversation, that *Kansas must become a free State*,—(though Gov. Geary did not express such an opinion) Nothing can prevent this, but a rancorous anti-slavery excitement, which shall inflame the whole country, and incite thousands from the slave States to go there for the purpose of out-voting the free settlers. Kansas now, wants nothing so much as peace, *peace!*

I have been in this city for the past six weeks, and nothing has surprised me so much as to note the public sentiment respecting Slavery. This city to-day, is *free soil* in sentiment, and the State is fast becoming so. It is admitted by all parties, even by the St. Louis *Republican*—a pro-slavery paper—that in a few years there will be no slaves in the State. The doctrines of emancipation are earnestly advocated in the Legislature, and by one of the ablest papers in the city—the *Democrat*. The free white population is increasing with wonderful rapidity, and the slave population decreasing. Thousands of young men come to this city from Virginia, Kentucky, and all the slave States, for the purpose of engaging in business. They seek a place where it is not disreputable to *labor*. I have not seen the first of these who advocated, or even defended the institution of Slavery. Let peace reign throughout the country—let there be no more war, and no more accession to Southern territory, and in a few years we shall have admitted as free states, *Kansas*, *Nebraska*, *Minnesota* and *Oregon!* Will not the North then have its share in the political control of the Government?

I intended to say something about St. Louis, but my letter is already so extended, that I can mention but one subject. I refer to the lectures upon Europe, by the Rev. Dr. Baird. As I learned from Dr. Baird that he intended to repeat these lectures in Milwaukee soon, a few words respecting them may not be uninteresting to your readers. I had the pleasure of hearing his entire course here, and would not now part with the information derived for ten times its cost.—Dr. Baird has traveled in Europe for the past twenty years, being connected with the Foreign Evangelical Society, visiting or residing in the following countries, viz: Russia, Greece, Turkey, Denmark, Norway, Sweden, Finland, Holland, Germany, Belgium, Hungary, Switzerland, France, Italy, Spain, Portugal, Great Britain and Ireland. These were announced on the programme, and formed the subject of the lectures. The lectures were not written, but were purely *conversational* in character, presenting the past and present social, religious and political condition of each country—in fact *all* which would most likely interest and entertain an American audience. The course was illustrated by large and elegantly executed maps and paintings of countries, cities, costumes, ancient edifices, landscapes, &c., which must have cost many thousand dollars. Although Dr. Baird is a thorough Presbyterian, yet throughout his lectures there was a marked liberality, candor and truthfulness, exhibited towards all religions of which he spoke, as to command the attention and commendation of all truthful men. Many Catholics attended the entire course. An introductory lecture was first given *free*—the result was, that with little outside effort, the house (Dr. Rice's church) was crowded to repletion every evening. At the close of every lecture, expressions of wonder, astonishment and admiration, "what a walking encyclopedia of knowledge," were on all lips, and that one brain could retain and communicate in such a happy manner, such a mass of interesting facts. I can only say in conclusion, that if this notice shall induce any of your readers to hear Dr. Baird when he comes to Milwaukee, they will heartily thank me for giving it.

Yours truly, G.

GOV. GEARY'S STATEMENT.—Some of the Buchanan prints impudently pretend that Gov. GEARY'S statements, as to affairs in Kansas, were *manufactured* by the St. Louis *Democrat*, in which paper they were first made public. As to that, the *Democrat* (which supported Mr. BUCHANAN and is a "regular democratic" organ) thus speaks:

> "Gov. Geary and his Private Secretary came to this office unsolicited by us, and voluntarily, in the presence of five or six gentlemen, gave utterance not only to all we have put in his mouth, but a great deal more than we did not find room to publish, and which our pen could not, by any possibility, have colored so highly as did the words of his tongue. He spoke freely, fully, and most indignantly of the outrages of the Pro-Slavery faction in Kansas, their mail robberies, their murders, their legislative and judicial abominations, and declared that henceforward the "padlock should drop from his lips, and the whole truth should be made known." We have no apprehensions that Gov. Geary will deny any of our statements."

☞ The whole amount of Salt inspected on the Onondaga Salt Springs Reservation during the year 1856 was 5,966,810 bushels, divided as follows:—Syracuse, 1,285,902 bushels; Salina, 2,886,944 bushels; Liverpool, 990,909; Geddes' 843,990 bushels.

Railroad Meeting at Saxeville—The Milwaukee and Horicon Railroad.

SAXEVILLE, March 16th 1857.

Messrs, Editors.—The isolated locality of this place may possibly prove a bar to the eliciting of interest in this communication; but as Saxeville is destined to be a prominent point, on the line of the M. & H. R. R., its present insignificance will not prevent its receiving a powerful impetus from the construction of the Road. To ascertain the state of feeling and amount of interest, respecting this matter, a meeting was called here on Thursday evening last. A crowded house, and an attentive audience was the response.

The history, character, and general condition of the road, was given by the Company's Stock Agent, Mr. EWEN, whose clear and truthful statements inspired confidence as to his intent and the cause he so earnestly advocated. His assertions were fully corroborated by ANDREW WARREN Jr., as being facts made cognizant to himself upon a personal examination, entered into for the purpose of becoming satisfied beyond a doubt, previous to investing so extensively as he now has. He portrayed with a master hand, the incalculable advantages the consummation of this project would render to every man in its vicinity, and the listener found himself bound to see and believe; in short the effort of this gentleman would have done him *honor* in the halls of Congress.

At the close of his remarks a unanimous declaration was made by the citizens to render said project all the aid possible, both by individual subscription and the soliciting of others; and the accession to the stock list since the opening of the books here show their intention to fulfil. Meetings have been held at Pleasant Valley, Crystal Lake, Point River and other places along the line, all of which were were largely attended, and as far as the canvass extends, from Stevens Point hither, one sentiment prevails. This fact must afford great satisfaction to the originators of this great scheme, which now bids fair to be as *gigantic* as it was minute in its infancy. To Jasper Vliet, the present Superintendent and Chief Engineer, is awarded the credit of devising the plan which is now maturing and developing itself into a grand reality.

The chief officers of the company became individually responsible, making use of their names as private individuals to obtain means for a commencement. This done, the work began and has since continued without ceasing, and, in all probability, will still continue, until the road reaches the distant shores of Lake Superior. The Company have already secured a Stock basis of nearly $700,000 north of Fox River, with a very reasonable show of increase to a million, and this is exclusive of foreign aid. It has been the settled policy from the beginning to exclude those capitalists whose other operations and business interests were abroad and who naturally would withdraw their returns from our midst for self or foreign aggrandizement, and to secure instead the aid of persons directly interested through the locality, thus placing the controlling influence on the line of the road. The mortgage system has enabled any person owing but 40 acres of land, to become a stock holder without detriment to himself. The Real Estate method is one that in this instance has proved to be the most desirable of either. Upwards of 80,000 acres have been purchased by Mr. Ewen, to which the company has received title in fee simple in exchange for Stock issued to the Grantor. These purchases comprise locations of the most desirable character, lumbering, farming, and mill interests; three valuable mill sites improved and in operating condition, and in one instance, a Steam Mill, of the model build, with 2,000 acres "of superior pine lands immediately contiguous." Farming lands of the best quality, many extensively improved, timber and wood tracts, all of which must largely increase in value, by the construction of the Road in its vicinity. From this, it is seen that the stock holder is to receive not only the dividend resulting from the direct operating portions of the Road, but he will be the receiver of a portion of the proceeds arising from the rent or sales of the Real Estate. That the company are in a healthy and prosperous condition, is plainly evident, and the means of control being vested in so large a number of individuals, an unwise partial, or profligate management is not to be feared. The past management has met with universal approbation. The President, Hon. J. B. SMITH, has not only won the confidence of the Company, by his prudent and judicious course; both as a gentleman and reliable negotiator, he is recognized in the monied circles at the East.—The Superintendent, before mentioned, the Treasurer, D. H. RICHARDS, and the rest of the Board of Directors, are daily proving themselves competent and well worthy of the trust reposed in them. If the same or its like administrators can be continued, the sanguine desires of the true and early friends of this commendable enterprise, will soon be realized. We all bid the cause "God Speed."

The Light House Property!

Mr. J. S. FILLMORE sends us the following copy of an act passed at the last session of Congress, confirming the title of CHARLES WATERMAN to lots Nos. 1 and 2, Block 98, Third Ward, known as the Light House property. The lots are offered for sale at a bargain:

AN ACT

To confirm to Charles Waterman his title to certain lots in Milwaukee, Wisconsin.

Be it enacted by the Senate and the House of Representatives of the United States of America in Congress assembled, That the title of Charles Waterman to lots numbered one and two, in block numbered ninety-eight, in the third ward of the city of Milwaukee, in the State of Wisconsin, extending to Lake Michigan, formerly occupied by the United States light-house keeper, be, and the same is hereby confirmed, and that a patent shall issue therefor as in other cases: *Provided*, That this confirmation shall only operate as a relinquishment of title on the part of the United States, and shall in no way affect the rights of third parties.

Approved March 3, 1857.

Dep. of State,
March 20, 1857.

A true copy carefully collated with the original role. W. HUNTER, Chief Clerk.

STEAM ENGINES ON LAKE SUPERIOR.—There are forty-eight steam engines employed in the Lake Superior copper mines, representing the power of 1304 horses. These move pestles, which crush 502 tons of vein matter per diem, and propuce 314 tons of copper per day. These engines cost $08,700. They require 147 cords of wood per day, which costs $860.

MANITOWOC AND MISSISSIPPI RAIL ROAD.—A large and enthusiastic meeting of the citizens of Menasha convened at Roby's Hall on Monday last, to adopt measures for the speedy completion of the Manitowoc & Mississippi Railroad to Menasha. Geo. Reed, the President of the company, being present, was called upon, and stated that Messrs. Baker & Hughes had contracted with the company to build the road to Menasha, and equip it by the first day of October next. They are to furnish the iron, four locomotives, eight passenger and thirty freight cars, and construct the necessary depots and station houses. At Manitowoc and Menasha they are to build large freight and passenger depots, and brick engine houses capable of housing six engines each. The contractors have ample and sufficient "backers" to ensure prompt fulfillment on their part. Four thousand tons of iron are contracted to be delivered the first of June, and money on hand to pay for it upon its arrival.—*Neenah Conservator.*

SINGULAR CASE.—A curious case of arbitration has come before Sir John Patteson, at the privy Council Office, London. A dispute has arisen between the representatives of her Majesty the Queen, on the one hand, and the representatives of his Royal Highness the Prince of Wales, as Duke of Cornwall, on the other, in reference to the revenues of the under sea fisheries off the coast of Cornwall. Some idea of the difficulties which will attend the solution of this knotty document which are to be submitted extend so far back as 800 years before the birth of Christ! The proceedings in the suit are of a perfectly friendly character, and have been refered to Sir John Patteson, in order that any litigation in Chancery may be saved. It has been agreed on both sides that his award shall be final.

BY G. W. C.

> "They are looking at the figure of a woman, once beautiful, and though her hair lies tangled and wet, and her face is distorted from the effects of drowning, she still charms that idle crowd with a melancholy interest. She has a marriage ring upon her finger. Two lockets are on her breast; and a brooch is suspended by a yellow ribbon around her neck. For whom did she wear them? Who were dear to her? To whom was she dear? No one knew her. God help her! She alone then required to be but recognized by him!"—*Details of the Canada R. R. Accident.*

How ghastly and distorted
 Are those pale features now,
On which bright smiles have sported;
 How her glazed eyes stare!
 And her dripping hair
 Trails o'er her pallid brow.

Yet traces of beauty linger
 On the form devoid of breath;
And still encircling her finger,
 Is that coveted thing,
 The marriage ring—
But the bridegroom, now, is Death!

Oh! would her husband-lover
 Know now those poor, wrecked charms,
And tenderly o'er her hover—
 Press the livid cheek,—
 Or embraces seek
 From those cold and rigid arms?

Perhaps she was the mother
 Of a dimpled, smiling girl,
Whose infant hands would gather
 That now dank hair,
 And with fingers fair
 Loop it in braid and curl!

Oh! bring her darling to her,
 As she lies there, stark and drear—
Her warm embrace may woo her
 From the realms of death;
 And her lisping breath
 Wake her dull, leaden ear!

Milwaukee, March 22, 1857.

From the Baraboo Republic.

Letter From C. C. Washburn.

Our citizens will read the following letter with interest, throwing light as it does upon the way the Post Office has been taken out of good hands, and put into bad ones:

WASHINGTON, D. C.,
Feb. 28th, '57.

To the Editor of the Baraboo Republic:

Having yesterday received a letter from a citizen of Baraboo, stating that an effort was being made to procure the removal of Mrs. Perkins from the office of Post-mistress at your place, and requesting me to call at the P. O. Department and ascertain the facts in the case, I this day called on the Hon. Horatio King, 1st Assistant Post Master General, and was informed by him that the removal had already taken place.—At my solicitation, I was permitted to examine the papers filed in the case. The facts there disclosed were such as to require me, if I will maintain the character of a faithful Representative, to place them before the people of your town.—The first knowledge that I had, that such a thing as the removal of Mrs. Perkins was contemplated by any one, I derived yesterday. Had I known it sooner, and had interposed to prevent it, it is not likely that the result would have been changed.

The papers on file, both printed and written, were very numerous, and my time was so limited that I could not give them so close an examination as I otherwise would have done.

I think the first paper filed was a letter from the Hon. Samuel Crawford, asking for the removal of Mrs. Perkins, and the appointment of James H. Wells, strongly indorsing Wells as a gentleman of high character, strict integrity and true Democratic principles, and denouncing Mrs. P. as a sympathizer with the Black Republicans, and concluding his letter with the request that Well's commission might be sent to Reedsburgh to "insure its delivery;" thus clearly impeaching by indirection the integrity of Mrs. P. This letter was written very soon after the November election. I cannot pretend to give the contents of all the papers filed, or the order in which they were filed. A letter from James H. Wells to the 1st Assistant P. M. G., asking for the removal of Mrs. P., and his own appointment, on the ground of "political expediency;" and a long letter from the same gentleman to Hon. Stephen A. Douglass, enumerating his great services as a Democrat; also letters from the Post-Masters of Reedsburgh and Sauk City, stating that Mrs. Perkins sympathized with the Black-Republicans; affidavit of M. C. Waite that Mrs. Perkins, he believed, had collected postage on newspapers two or three times over; affidavit of one Smith, that Mrs Perkins had kept for sale the life of Fremont, but did not keep that of Buchanan, and had sold letter paper having Fremont's likeness thereon. A letter from Temple Clark of Manitowoc, recommending a change and certifying to the high character of Mr. Wells. Sundry copies of the Baraboo Democratic paper with articles marked, showing that Wells, Waite, and Crawford were Democratic candidates for office last fall, and that the writer of this voted for "Dunn's Bill," constituted the substance of the exhibits on file against Mrs. P.

On the part of Mrs. Perkins I found a letter from a Democrat high in office in the State, who said that he had been applied to, to aid in procuring her removal. That he had made inquiry and was satisfied that her removal was not desired by any honorable man; that three of the parties who applied for his influence, were at the time so drunk as to be little better than so many beasts, and two others were in but a little less beastly condition; that Mrs. P. was the widow of a Democratic elector in the State of New York in 1844, that she had never interfered in politics, but attended strictly to her duties, and that she depended in a great degree upon the office for the support of herself and her children. Also a manly letter from Hon. Daniel Wells, Jr., stating that he had made inquiry into the case, and was satisfied that the interest or honor of the Government would not be promoted by the change. Also a remonstrance signed by over two hundred citizens of Baraboo against any change, and a large number of affidavits, many of which I recognized as having been made by gentlemen among the most respectable in the State, denying that Mrs. Perkins had ever failed to discharge her duties honestly and fairly, or that she had ever exercised or sought to exercise any political influence whatever. Also copies of the testimony in the case of Barstow, showing the connection of Mr. Wells with the frauds therein developed. The above is about the whole case, pro and con. I should, however, have stated further, in the proper connection, that it was proved that Mrs. Perkins had a son who was in some way connected with the "Republican" printing office, and I also ought to have said in connection with the first, that over 200 citizens of Baraboo remonstrated against the change; that only five who were residents, asked for it, two of whom, Wells and Waite, were defeated candidates, and the others whose names I regret to have forgotten, or they certainly should have the full benefit of their complicity in this transaction.

At present, I content myself with the bare recital of the facts as they appear on file in the P. O. Department, and leave the public to judge in regard to them. It is due to Senator Dodge that I should say, that he was not consulted in regard to the change, and I gave him the first intimation that it had been made. The indignant terms in which he spoke of it, were such as might have been expected of a brave man, who scorns a mean action.

Your obedient servant,
C. C. WASHBURN.

UNDER CONTRACT.—We learn that eight miles of the Chicago, St. P. & F. D. L. Road, from this City towards Fond du Lac, has been let to Mr. Amos Page, and is expected to be completed in four months from the 1st day of April.—*Janesville Standard.*

THE ONLY MEDAL AWARDED
BY THE NEW YORK EXHIBITION to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their
Worcestershire Sauce,
Whereby further testimony is afforded of its being the best Sauce extant.
The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.
In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.
On the Continent of Europe, these qualities have been testified to by a gentleman who writes to LEA & PERRINS thus:—"I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveller's baggage so essential to his comfort, at least in these countries, as your Sauce."
In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms:—"Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion the most palatable as well as the most wholesome sauce made."
This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created, has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

KEEPS CONSTANTLY ON HAND a large assortment of mahogany, black walnut, and other wood Coffins, together with Fisk's Metalic Burial Cases.
I have the agency for the sale of Crane's Metalic Burial Casket, an entirely new patent, which for beauty of style and finish cannot be surpassed. I ask attention to them, as suited to the wants and tastes of a very considerable class of the community, which the style and arrangement of Fisk's case do not meet. This casket permits a view of the entire body after it is enclosed, the top being composed of a beautiful French plate glass, sufficiently strong to resist any internal or external pressure, and a covering of a beautiful, chaste metalic plate.
The office of the Forest Home Cemetery Company is at my place, where I have the plats of the grounds. I am always ready to accompany patrons to the Cemetery to select lots or places for burial, and can be found at my place of business day or night. Coffin trimmings of all kinds for sale. mar18-242

FOR SALE.
A Farm That is a Farm.
THIS FARM is situated in the handsomest portion of our fair State, within a short distance of a Railroad depot, bordering on a small lake of the purest water, with bold and beautiful shores, some mile and a half in length and three-fourths of a mile in width. The owner, on account of ill health, is obliged to give up the farming business, and will therefore give any man who has the means, a chance to purchase a princely farm on easy and reasonable terms and at a great bargain.—Said farm contains 430 acres, whereof about 200 are cultivated, 60 acres meadows and the balance fine heavy oak timber. 70 acres of wheat were raised on the farm last year and yielded 25 bushels per acre, which is all that is necessary to say in reference to the quality of the soil, and as regards buildings—dwellings, barns, sheep and cattle sheds, &c. &c., they are all that can be desired on such a farm, the orchard is very large and contains almost every description of fruit, and there are 7 miles of fences on said farm.
This is undoubtedly the best chance offered in the State to procure a splendid farm. For further particulars of which, apply to the sole agent,

POLICE COURT, MARCH 25.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

There was but one person brought into the Police Court yesterday, and he was discharged to enable him to leave town during the day. Some arrests were made but the parties were too drunk to be tried.

SHOCKING MURDER IN THE FIFTH WARD!!

One of the most shocking murders which we have been called upon to record, was committed yesterday in the Fifth Ward, a German, named John Fischerdick, being killed instantly by a man named Joseph Barnes, of Scotch and Irish parentage.

Barnes, it seems, occupied a room in the house of the deceased, and the relations between them had been amicable. Barnes had been out of work for some time, and was very irritable at times, particularly when intoxicated, and had been attending a law suit in the afternoon, and came home much excited. There were two women in the room, and Fischerdick, a man of some 54 years of age, came in and sat with them. Burnes came in and wanted deceased to drink with him. He at first declined, but on being pressed, did drink. Burnes drank more, and finally, growing violent, and deceased refusing to drink, some words passed. Fischerdick remarked that he liked all of them—naming each of those in the room. At this, Burnes declared, with an oath, that "nobody should say that of his wife," and despite Fischerdick's saying that he meant no harm, sprung towards him, drew a pistol, applied it to his left shoulder, directed downwards, and discharged it. The charge, of large shot, passed down into the breast, killing Fischerdick instantly. Burnes was arrested and taken to jail by policeman Bensler.

Deceased was a watchmaker by trade, has been 10 years in the city, and leaves a wife and 5 children.

Burne's father was Scotch and his mother Irish—is 28 years old—a blacksmith by trade—from Taunton, Mass—has been here two years.

New Publications.

THE SULTAN AND HIS PEOPLE; by C. OSCANYAN, of Constantinople; illustrated by a native of Turkey; DERBY & JACKSON, publishers.

We are indebted to the author for a copy of this new work on the manners and customs of the Orientals. Mr. Oscanyan is an Armenian by birth, who came to this country when young, and was educated, and graduated at the University of New York. He returned to Turkey, and was employed, we believe, for some years about the Court of the Sultan, but came back to this country to live. He has delivered in New York a series of very interesting lectures concerning the ways of thinking and living among the Turks, and has finally given to the American readers this work upon the same subject. They can obtain much valuable information from its pages upon a subject which is of late years attracting a great deal of attention from all the civilized world. The writer gives an evidently faithful daguerreotype of Turkey as it is, while he furnishes many suggestions as to the future of his native country, as changed and changing by intercourse with the aggressive spirit of other Powers.

THE DRAMA OF EARTH, by JEROME KIDDER; published by A. RANNEY, New York.

We have a copy of this book from the publishers. It consists of about 300 pages of blank verse—some of it *very* blank—and 60 pages of notes. We gather from the preface that the writer's object was to show "in what way human depravity is the result of the violation of the law of man's purest and highest being." The "feature of this drama, at the beginning," he says, "was suggested by portions of Milton's Paradise Lost." If it be so, we fear that good old Milton must weep to think that his glorious poetry could ever become responsible for such stuff. Mr. Kidder, whoever and whatever he *is*, is *not* a poet.

We have from ARCHIBALD WILSON, bookseller, the following:

EURIPIDES LITERALLY TRANSLATED, 2 vols; Harpers' Classical Library.

We have here two volumes, of Harpers' uniform Classical Library, containing the tragedies of the great Greek poet Euripides, translated literally by Theodore Alois Buckley, of Christ Church, Oxford. There is no attempt at versification, but simply a translation, critical and careful, by a competent hand, and as such the books are a valuable acquisition to the library of a scholar.

VILLAS AND COTTAGES; by CALVERT VAUX,—late Downing & Vaux, Newburgh; Harper & Bros.

Among the many books on architecture which the recently awakened interest of the American people in the aesthetics of building has called for, this is the latest and best. The lamented Mr. Downing, whose partner the author was, did more than any other man to cultivate this taste, and his spirit seem to pervade the book which Mr. Vaux now gives to us. The Harpers have put it forth in very handsome style, worthy of its contents, and the work has a pleasant, sensible, chatty air and tone about it, which must make it a favorite. The introductory portions contains a host of simple, but very useful suggestions for everybody, which will aid in making cheerful, comfortable and tasteful homes, at just about the same cost as that of dwellings which lack these requisites. In one respect we think the book is wanting. The plans and elevations furnished are mostly for residences along the Hudson, in "sightly" locations, and the study seems to have been more to arrange show rooms, and suites for the entertainment of guests, than to obtain comfort for the family of the occupants; and hence, in nearly all of them we find the family rooms in the second story, making much traveling up and down stairs necessary, and much consequent fatigue and inconvenience. Of course, however, the plans can be modified for the needs of the occupant. Mr. Vaux is abundantly able to furnish the public with just what is wanted, in the shape of plans for residences to cost say from $1500 to $5000 or $6000, complete, which shall give to their occupants the utmost comfort for the cost, and furnish some reasonable space for parlor visitors. We trust that we may yet see a book, by him, of plans of houses to live in, rather than to receive guests in.

LEARNING ABOUT RIGHT AND WRONG; by JACOB ABBOTT.

This is number *five* of the best series of books for little children ever published, and for which the children of this day ought to hold the writer in grateful remembrance always. The little ones having amused themselves, gathering every day some new and good thought and impression, by looking through the attractive pages of "Learning to Talk," "Learning to Think," and "Learning about Common Things," can now open the fresh pages of another "red book," and learn about "right and wrong."

KATHIE BRANDE—a Fireside History of a Quiet Life; by Holme Lee, author of Maude Talbot, &c.; Harper & Bros.

The reader knows as much of the contents of this good-looking fireside book as we do. It opens without preface or introduction, but we like the tone of its first pages, and shall be mistaken if, when we come to read it, we do not find reason to thank the Harpers for giving it to American readers.

Engine Co. No. 2—Election of Officers; &c.

At a meeting of Engine Co. No. 2, held at their house March 23d, Foreman D. SCHULTZ took the Chair for the last time. In consequence of being elected Chief Engineer, Mr. Schultz resigned the office of Foreman of said Company, which he had held for 8 years. The Company then elected the following officers:

H. BUENING, Foreman; A. KIRBY, 1st Assistant, and CH. TOOBY, 2d Assistant.

Mr. Schultz then resigned the Chair with a few appropriate remarks, when the Company greeted the new Foreman with three rousing cheers. A vote of thanks was then passed to the old and much respected Foreman, and a committee was appointed to publish the proceedings and the vote of thanks in the city papers:

To D. SCHULTZ, Esq.—

Dear Sir:—Your old Company, of which you have been Foreman for eight years, through this committee tenders its most sincere thanks for your most valuable, and certainly appreciated services; and believe us, sir, when we say that we sincerely regret to lose those services. You may be assured that we shall continue to follow your instructions as far as lies in our power.

F. BOESSE,
J. C. G. HARTTERT,
JOE ZANDER,
Committee.

THE STREETS.—We notice that the 4th Ward Commissioners have directed the cleaning of West Water St, which needs it badly enough, the gutters being dammed every two or three rods along the lower half.—In the third ward, below Detroit Street, men were at work cleaning out the winter accumulations, yesterday. The whole of East Water Street ought to be attended to forthwith, and the pavement brought to light once more.

THEATRE—MRS. KENKEL'S BENEFIT.—SCHILLER'S great drama of "Fiesko, or the Conspiracy of Genoa," is to be performed at the German Theatre, Market Hall, *this* evening, for the benefit of Mrs. KENKEL, an excellent and deserving actress. The Company now playing at this Theatre is one of real talent, and the orchestra, under the lead of BALATKA, is capital, of course. The play for this evening is one replete with tragic interest, and will be cast to the full strength of the Company.

OLD ESTABLISHED CLOTHING HOUSE.—Our special columns contain the spring announcement of Messrs. MAGIE & SWAIN, wholesale and retail dealers in clothing. This firm is long established in the city, and favorably known for years to a host of customers. In their commodious quarters in Martin's Block, they are prepared to dispense the hospitalities of the season to all their old friends and many new ones.

ARRESTED FOR STEALING A BUFFALO ROBE.—John Clancy was arrested yesterday afternoon by Policeman Shaughnessy, upon a warrant, charging him with having stolen a buffalo robe from W. H. Byron several months since. The robe was traced by Policeman Rice to the place where it was said Clancy had sold it; but there appears to be considerable doubt as to who was the thief.

SECOND WARD DELEGATES TO JUDICIAL CONVENTION.—The following are the delegates chosen at the meeting in the Second Ward on Tuesday night; Joseph Kippack, Ferdinand Sauer, and Max Gerlack. These delegates, we understand, are pledged to vote for the nomination of A. MCARTHUR for Circuit Judge.

ARRESTS.—There have been made by the Police since the 4th day of October, 1855, 2,700 arrests.—The first man arrested was a "native," and the arrest was made by Policeman Kessler. This would make an average of about 4 arrests each day since the organization of the Police Force.

PROPOSALS FOR DREDGING THE RIVER.—The Harbor Committee invite proposals for dredging the middle ground of our river, from Cherry Street Bridge to the Government Pier, so as to give a channel of 12 feet all the way. Proposals endorsed "Dredging Proposals" may be addressed to the City Clerk, up to noon of April 11.

COMPLIMENTARY DINNER.—The citizens of Watertown give a complimentary dinner on the 31st inst., to their Representatives in the Legislature, to testify their sense of the services rendered in procuring the passage of "the Watertown & Madison R. R. Extension Bill."—We acknowledge the honor of an invitation to the feast.

A MADISON THIEF ARRESTED.—A man named Ferdinand Theobald was arrested in Chicago yesterday, by Mr. BECK, Chief of Police of this city, for having committed a larceny in Madison on Friday last, robbing a barber's shop. The plunder was found on him; he was to be taken to Madison this morning by an officer of that city.

ENGRAVINGS.—We are informed that MOSSIN & MARR, a couple of very clever artists in this city, are fully prepared to execute engravings of residences, churches, or public buildings, for any who may be desirous of procuring such for EATING, BURDICK & CO'S. new City Directory. Our citizens will make a note of this.

MR. RICHMOND'S LECTURE TO-NIGHT.—Our readers will not forget that MR. RICHMOND lectures again this evening at the Albany, on the *Poetry of the Bible* and there can be no doubt that his hearers will enjoy a rich treat.

NEW BOOKS.—WILSON presents a list of new books, just received from the publishers.

ARNOLD, also, gives our readers a new list to-day.

CARD TO THE LADIES.—Among the numerous remedies that have made their appearance in different parts of the world for the benefit of the female portion of community, none have been so thoroughly tested, so universally used, and given such perfect satisfaction as Herrick's Sugar Coated Pills and Kid Plasters. Their use subjects the patient to no inconvenience, and costs but little to use them. Pills 25c, Plasters 18¾c.

FIFTH WARD REAL ESTATE AGENCY,

Office over Dr. Orton's Drug Store,
CLINTON STREET, FIFTH WARD.
d491-d805-dtf ROGERS & MERRILL,

CALEB WALL & CO.,

CITY LAND OFFICE.

City Land Office.

Albany Buildings, Michigan Street.

SPRING now is fairly open and the prospect before us is busy times. We have our office all ready for the various operations. Our plans this year will vary somewhat from the ordinary way in which Real Estate has been offered.

We propose to have public sales of Real Estate every week, commencing in the second week in April. Our first sale will be on April the 14th, at which time we will offer Two Hundred Lots in the new addition of J. L. Peirce, Esq., adjacent to Sherman's addition, 6th Ward.

Mr. Pearce has selected choice and high elevated land for this addition, which overlooks our entire city. You have a beautiful view of our Lake Michigan and Harbor, and various Railroad depots. It is in a healthy part of our city, densely populated by our deserving and enterprizing German friends, and from the general improvements going on in this part of the addition to our city, it will and must be valuable and desirable property. As a proof of this fact, let any one look back five years to Sherman's addition, and look at it now. In it you will find enterprizing and wealthy merchants, rows of stores. Property has advanced one thousand per cent and is still on the rise!

Mr. Pearce, in his addition, has laid his lots off good size, 50 by 150 feet. He has also gone to much expense, and has had the streets all laid off. Has relaid the Green Bay Planes third street, and is now in better order than it has been for several years

In offering this property of Mr. Pearce, it is not so much for raising money; he proposes to sell the lots in his addition on such terms that every person can secure them a home, and when a home is secure once it can never be taken away.

We have at our office plats of Pearce's addition, which will be distributed, and all who want one of the maps, please call and get one.

We will give, in a few days, notice of other public sales which we are getting up, and would say to all Real Estate owners to please call at our office, and any arrangements they should wish to make with us will be made on fair terms.

La Crosse Railroad depot is one mile from it, on Third street, which is doing the most extensive business of any Railroad in this country, and only ten minutes walk from Pearce's addition.

City Land Office.

Michigan St., Opposite Newhall House.

WE ARE FULLY PREPARED to meet the pressing demand now existing for good dwelling houses, and have on hand both brick and frame houses in every part of the city, and suited to the tastes of all. Our list comprises some splendid brick buildings in the most fashionable localities and some in the most retired parts of the city, while to those whose purses will not enable them to indulge in these expensive residences, we can furnish modest frame houses, well suited to the wants of a small family.

To business men we offer some admirably located lots in the heart of the city, and on the river. And to those in the retail trade we command some stores in the Albany Building, directly opposite the new hotel, which we will rent for one or more years, at a price which, considering their situation, is exceedingly low.

Great and Extensive Sale

OF 75 KEGS of Extra, Superior Ohio State Fair Dairy Butter, being seven thousand five hundred pounds, put up under the superintendence of

MR. JONAS MARTINGER.

The said Butter is in family kegs of about one hundred and eighteen pounds each. This sale is an experiment by this Dairy Company, and if it will pay, they will continue to send Butter to our city. Let every family supply themselves with a keg of this fine Butter. Recollect that the next month, which is April, is the worst month in the year to get Butter. The farmers are all so engaged that they cannot spare time to come into the city. The sale of this superior Butter will take place at the City Auction Room on Thursday morning, March 26th, at 10 o'clock.—The butter is now on hand and can be examined. To dealers, who wish to make purchases of over one hundred dollars, they can have 60 days credit, for a Bank Note and Bank Interest. CALEB WALL,

City Auction Room.

I AM PREPARED at all times to advance money on Stocks of Goods, &c., and will sell them at public auction, on time, which is the proper way to sell stocks of goods, and will cash or guarantee all the notes I will take. All persons, in city or country who have any goods and who will send them to my care, I will advance one-third the valuation provided it is not TAN BARK TEA.

All goods sent to me are kept insured in the best Insurance Co's in our city. My terms are regular, and every effort and expense is made use of to get the highest prices.

I also advance on Household Furniture, and will also sell the same at my Auction Room or at the dwelling houses where it is.

THE EXTENSIVE SALE of ready made clothing will commence again, and continue every day this week. I would say to all who are in want of clothing, that this is a chance which is seldom offered.—I am sorry to hear that some of my clothing friends and merchants feel a little sour at me for interfering with their regular trade. I do not desire to injure any one, and I do hope those who feel and say hard words about me will call and see me, and if I do not satisfy them that my intentions are right, I will pledge my word that the balance of clothing on hand shall go to the Kansas Society. It always grieves me to see any person grieved. Sale will commence every morning at 10, afternoon at 2 o'clock, and in the evening at 7½ o'clock.

ALBANY, March, 25.

The steamer *Isaac Newton* ran ashore at an early hour this A. M., while on the way from N. Y. to this city, between Caldwell's and Stony Point. A dense fog prevailed and the pilot mistook a light in a dwelling on the western bank of the river for a public light. The latest intelligence is that she has sunk below her cabin; her passengers and freight were transferred to the *Hendrick Hudson* and brought to this city. The steamers *New World* and *Francis Skiddy*, during to-day, made ineffectual attempts to draw her off. The *Newton* is owned by the People's Line, and cost $250,000.

THREE P. M. REPORT.

A NEW GOVERNOR FOR KANSAS.

The U. S. Supreme Court.

NEW YORK, March 25.

The Washington correspondent of the *Herald* says: I learn, this evening, from undoubted authority, that Robert J. Walker, at the urgent solicitation of Mr. Buchanan, has accepted the governorship of Kansas. At first he peremptorily declined, but subsequently accepted after a free consultation with the Cabinet, to-day, of upwards of three hours—with the understanding that he is not to be embarrassed in any manner, and that the administration is to make such appointments in the territory as he may suggest.

Tribune correspondence: The opinions of the majority of the Supreme Court Judges have not yet even been filed in the Clerk's office.

Judge Taney's is now undergoing a second revision in manuscript.

Judge Catron's was printed, privately, expurgating the clause reflecting on the majority for discussing the merits of the case after denying the jurisdiction of the Court.

Judge Campbell refused to allow his to be examined, even by his colleagues, and especially by Judge Grier. The probability is that they will all be materially modified.

Five members of the Cabinet, have signified to Mr. McMullen, of Virginia, that he might have Brigham Young's place.

BOSTON, March 25.

The steamer *America* sailed to-day, for Liverpool, with 63 passengers. Among them is Mr. A. P. Evans, bearer of the new Dallas-Clarendon treaty.

Washington, March 25.

The assertion made by the friends of Robert J. Walker, that he has declined the Governorship of Kansas is incorrect. He had not yet accepted it, but is according to the information of an authentic source, he agreed to give the President a formal answer in the course of the day, having taken time for reflection.

The Land Department will shortly issue a circular of instructions to locate the Sioux half breed land scrip, under act of Congress, 1854. It will be applicable to lands in reservation in Minnesota and other public lands in which those Indians have made made improvements; there are 640 of these Indians. The scrip is not assignable.

The hour for the meeting of the Cabinet has been changed from 1 to 12 o'clock, to allow the President and Heads of Departments time to transact other business. More than one hundred of New York politicians have left Washington since the appointments were announced.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.

THE above mill was patented by Charles Leavitt, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery, Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucenes of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

Wisconsin Iron Works.

W. T. JENNINGS & CO.,

Dealers in

FINE CLOTHING,

231 BROADWAY,

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work feb6d8mVO&CO
